

History

Wheelchairs Plus, Inc. is a private Minnesota based corporation that has been providing adaptive equipment for persons with special needs since 1976.

We began as a family team specializing in reliable, personal service, and have built our reputation on custom rehab equipment. Now our focus is on access to all areas of your life, including your vehicle.

We have expanded to other locations serving central and northern Minnesota and Superior, Wisconsin.

We honor the RESNA and NRRTS Code of Ethics, and comply with Supplier Standards.

Medicare Accredited

Our Mission

To compassionately improve the quality of life and independence for people with special physical needs.

Assistive & Certified Rehabilitation Technology Supplier (ATP & CRTS)

Assistive & Rehab Technicians are directly involved with selection and delivery of power mobility, seating, alternative positioning, ambulation, assistance in environmental control and activities of daily living.
